heavier and today has this to say regarding trade conditions:

In business, this year cannot be compared with any other. It is between seasons and a period when general abatoment of activity usually occurs, yet there are now few dull spots anywhere. Clearance and special sales are exceptionally well resembled, while all the property of the pro teyond precedent. The most striking it. ont rise in prices, which results, not from speculative influences, but from the pressure of actual requirements CHICAGO, Feb. 26.—Hogs—Rescipts, 13,000; higher; bulk 850@ 870; light, 805@895; mixed 835@ 870; heavy 825@875; rough, 825@ 825; calves, 825@ 350; stockers and feeders, 565@770; cows and helfers, 325@825; calves, 850@ the pressure of actual requirements that greatly overtax facilities. Many commodities have reached a level at which buying would ordinarily be curtailled, but current demands appear insaltable and the question of price seems of secondary consideration with consumers. Each week requests for immediate shipments of urgently need of supulse become more insistent. ed supplies become more insistent yet, though manufacturers are pushed to the limit and in numerous instances are working overtime, deliveries cannot be made as rapidly or as regularly as desired. Not a few producers are handicapped by a shortage of men an dmaterials, while the age of men an dmaterials, while the transporting interests are still unable to cope successfully with the rush of traffic and to adequately relieve the freight congestion. The railroads, in an effort to better conditions, make constant extensions and improvements and purchases of rolling stock, especlally motive power, are a feature There is, however, a growing discrepancy between the volume of business offered and the contracts actually closed in iron and steel, because the mills are already booked far ahead and hesitate to further extend commitments at a time when indications point to still higher prices. All the milnor metals are notably strong, with copper at an unparalleled position; both leather and footwear are scaring the demand for the latter being un-precedented, and successive advances fall to check the demand for dry goods, which is limited only by the
